

We don't see a farm loan,
we see a family's future.
We see banking differently.

When agriculture is your business, you put stock in the future and in your ability to nurture growth. **At Vision, we put stock in that too.** That's why we offer banking and lending solutions made especially for farmers and ranchers.

VISION
CREDIT UNION
We see banking differently.

Loans and mortgages

At Vision, we understand the agriculture business. [Many of us are farmers and ranchers too.](#) Our dedicated agriculture banking specialists bring their knowledgeable service and a range of ag-specific loans right to your door.

Agriculture mortgages

Vision offers mortgages tailored to agriculture members for the purchase of land, buildings or making farm improvements. Available with fixed or floating interest rates. [Need to refinance? Talk to us!](#)

Successful farming takes the right tools. Whether you need a financial helping hand to get your crop in or it's time to upgrade your equipment, we're here for you.

4-H member loans

Vision supports 4-H program members by providing loans for the purchase of marketable livestock within central and northern Alberta. Eligible 4-H members must be under 18, have a parent or guardian co-signor, be a current member of a 4-H club in Vision's immediate service area and must be, or become, a member of Vision Credit Union.
