

We don't see a RRSP,
we see a bucket list fund.
We see banking differently.

Everyone has different goals for their retirement years. Whether you want to consult, kick back or focus on travel and new pursuits, good planning is key. We've got financial services and strategies to help with that.

Investment solutions

A wise investment strategy is a critical part of any retirement plan these days. Vision Credit Union has partnered with Credential Asset Management Inc. to offer a range of investment options to our members. Credential Asset Management is the credit union-owned mutual fund dealer, which is part of Aviso Wealth Inc., a national wealth management provider. Our team of experienced financial advisors is available to help create and manage an investment strategy that's right for you.

Registered Retirement Savings Plans (RRSPs)

Build your retirement nest egg, and you also pay less income tax right now. Another benefit? At Vision Credit Union, our RRSPs also qualify for our profit sharing program.

Registered Retirement Investment Funds (RRIFs)

After retirement, you can roll your RRSP investment into a RRIF. You draw an income from the RRIF while the funds in it continue to grow, tax sheltered until they are withdrawn. Another benefit? At Vision Credit Union, our RRIFs also qualify for our profit sharing program.

Tax Free Savings Account (TFSA)

A TFSA can be ideal for retirement saving. Contributions to a TFSA don't earn an immediate tax break, but any gains you make on your investments are tax free. Another benefit? At Vision Credit Union, our TFSAs also qualify for our profit sharing program.

Term deposits

Invest with the confidence of a fixed interest rate and guaranteed returns. Choose a timeframe, deposit your money, and watch with confidence as your retirement savings grow.
